The international application was originally filed with seven sheets of drawings separately labeled as 1/4 - 4/4 and 1/3 - 3/3.

Original FIG. 1 as shown on original sheets 1/4 - 4/4 depicts the sequences for SEQ ID NOs: 1-4. A formal sequence listing was filed in the international application but was not inserted into the application at the time of publication. A Sequence Listing has been inserted into the application in written (on paper) form. A computer readable form is also enclosed herewith. Original FIG. 1 has now been deleted.

The replacement figures provided herewith serve to renumber original Figures 2-7 shown on original sheets 1/3 - 3/3 to take into account the deletion of original FIG. 1. The replacement figures also serve to delete text contained in original Figures 2-7. The specification has been amended to incorporate the text deleted from original Figures 2-7.

Respectfully submitted,
